

that women can get through the manpower services are clerical jobs. Now CETA Program is a citywide program and it does not cover the state. I believe that we should really concentrate and try to help this segment of our population. We do not want these people on welfare. They want to be self-sufficient. They want to add to the job market, they want to be independent of any type of welfare programs that are available at present. I move that we advance this bill to E & R initial.

PRESIDENT: Senator Lewis.

SENATOR F. LEWIS: Mr. President, members of the Legislature. LB 443 is a bill designed to carry out the intent of Constitutional Amendment number 6, part A that was voted on and passed by the voters of the State of Nebraska last fall. I would speak first to the committee amendments. The committee amendments are corrective in nature. The bill was originally presented in terms of trying to keep the bill simply limited, simply limited to the issue of contracting and the implementation of contracting. There was some other things in there and after the Committee looked at it we suggested that we delete certain sections. The others are corrective amendments to make it consistent with LB 761 of last session. I'd move the committee amendments.

PRESIDENT: The question is the adoption of the committee amendments. Record your vote. Record.

CLERK: 27 ayes, 0 nays, 19 present and not voting, 3 absent and not voting.

PRESIDENT: The committee amendments are adopted, Senator.
